PROFESSIONAL SUMMARY

Motivated BCA student specializing in Python, Data Analysis, Front-End Development, and Machine Learning fundamentals. Experienced in working with real-world datasets, exploratory data analysis, visualization, and responsive web development through internships and academic projects. Strong problem-solving mindset with leadership experience in collaborative development projects. Seeking internship or entry-level opportunities in Python Development, Data Analytics, or Software Development.

EDUCATION

Bachelor of Computer Applications (BCA)

Omega Business School, Affiliated to Osmania University

2023 – 2026 (Expected)

CGPA: 8.5/10

INTERNSHIP EXPERIENCE

AI Strategy & Business Intelligence Intern

IBM SkillsBuild x CSRBOX x AICTE

March 2026 – April 2026

- Successfully completed a 6-week internship focused on AI Strategy and Business Intelligence
- Worked on analytical workflows, data interpretation, and business-oriented AI concepts
- Strengthened understanding of AI applications in business decision-making and visualization
- Collaborated within structured internship modules conducted under AICTE guidance

Data Science Intern

IBM SkillsBuild x CSRBOX

October 2024 – November 2024

- Cleaned and analyzed real-world datasets using Python, Pandas, and NumPy
 - Performed exploratory data analysis (EDA) and data visualization using Matplotlib
 - Applied basic machine learning techniques for prediction and pattern recognition
 - Worked with structured data-analysis workflows following IBM SkillsBuild frameworks
 - Improved understanding of end-to-end data processing and insight generation
-

TECHNICAL SKILLS

Programming Languages

- Python
- JavaScript

Web Technologies

- HTML
- CSS
- JavaScript

Data Science & Machine Learning

- Pandas
- NumPy
- Matplotlib
- Machine Learning (Basics)
- Data Analysis
- Exploratory Data Analysis (EDA)

Tools & Platforms

- Git
- GitHub
- Jupyter Notebook

Core Concepts

- Object-Oriented Programming (OOP)
- Front-End Development
- Data Visualization
- Responsive Design

Soft Skills

- Team Leadership
 - Communication
 - Collaboration
 - Self-Learning
 - Problem Solving
-

PROJECTS

COVID-19 Data Analysis – Kerala

Technologies: Python, Pandas, NumPy, Matplotlib, Jupyter Notebook

 pavan100305.github.io/covid19-kerala-analysis/

- Analyzed real-world COVID-19 datasets to identify trends in cases, recoveries, and deaths across Kerala
- Performed data cleaning, exploratory data analysis, and visualization using Python libraries
- Built meaningful visual insights to highlight pandemic peaks and district-level impact
- Documented the complete workflow using Jupyter Notebook for reproducibility and presentation

Alien Invasion Arcade Game

Technologies: Python, Pygame

 github.com/pavan100305/Alien-Invasion-Game

- Developed a complete 2D arcade-style shooter game using Python and Pygame
- Applied object-oriented programming principles to create modular game components
- Implemented collision detection, alien fleet generation, and real-time event handling
- Improved performance using optimized game-loop architecture and sprite-based mechanics

Front-End Web Application (IBM Project-Based Learning)

Technologies: HTML, CSS, JavaScript

 pavan100305.github.io/ibm-project/

- Developed a responsive front-end web application as part of IBM's Project-Based Learning program
- Led a team of five members, coordinating implementation tasks and project timelines
- Designed interactive user-interface components using HTML, CSS, and JavaScript
- Maintained consistent UI standards and collaborative workflow practices across the team

Data Visualization & Machine Learning Project

Technologies: Python, Pandas, Matplotlib

- Processed raw datasets and generated visual insights using Python libraries
 - Applied basic machine learning models for predictive analysis
 - Demonstrated understanding of preprocessing, visualization, and analytical workflows
-

CERTIFICATIONS

- AI Strategy & Business Intelligence Internship – IBM SkillsBuild x CSRBOX x AICTE (2026)
 - Enterprise Design Thinking Practitioner – IBM
 - AI & Machine Learning Full Course – Simplilearn
 - Natural Language Processing – Wingspan
 - Introduction to Data Science – Wingspan
 - Computer Vision 101 – Wingspan
 - Introduction to Artificial Intelligence – Wingspan
 - Introduction to Deep Learning – Wingspan
 - Robotic Process Automation – Wingspan
 - Data Analytics for Beginners – Simplilearn
-

ACHIEVEMENTS & LEADERSHIP

- Led a 5-member team in developing a front-end development project
 - Demonstrated leadership, task delegation, and collaborative problem-solving skills
 - Completed multiple AI and Machine Learning certifications alongside academic coursework
 - Recognized for initiative, consistency, and teamwork during projects and internships
-

LANGUAGES

- English
 - Hindi
 - Telugu
-

INTERESTS

- Chess
- Anime & Manga

- Technology Exploration
- Software Development
